Ad Text Fellow Texans! It's time to say a strong NO to the establishment robbers. It is unacceptable for us to see them ruin all we've been building for decades. For centuries. The establishment thinks they can treat us like stupid sheep but they are wrong. We won't put up with this anymore. The corrupt media does not talk about the crimes committed by Killary Rotten Clinton, neither does it mention the leaked emails but it would rather keep on kicking around some outdated tapes featuring Trump. Even Republicans are now offering her a victory by renouncing their nominee. What is this if not treason? No, no, no. We are free citizens of Texas and we've had enough of this cheap show on the screen. We're ready to prove our commitment to liberty, low taxes and gun rights. If Trump wins, there will be a possibility to secede peacefully but not without tension. What will happen if Hitler becomes President? Higher taxes to feed undocumented aliens. More refugees, mosques, and terrorist attacks. Banned guns. Continuing economic depression. Let's remind them what Texas is made of and show that we're ready to SECEDE!

Use our page to team up with other locals. Invite your friends and family, spread the word and let's make this effort together! Get Ready to Secede!

AFTER YOUNG ATHLETES TOOK A KNEE

Young people continue to take a knee during a national anthem to protest police brutality and racial injustice in America. However, most of these athletes paid the price for this demonstration. For instance, on September 10, after getting permission from league officials, the staff and the students of the Beaumont Bulls football team took a knee before their game. On the next day, the students and the staff received death threats. Moreover, the executive board decided to suspend Coach Rah0Rah Barber for the rest of the season and canceled the whole football season. So now we know what opposition might face in this country.

Ad Text A black man employed by Comcast being given a ticket for doing his job.

This man was working on a house when a bystander reported him to the cops. When police showed up, they drew the gun and told the man to put his hands up because he was accused of walking around the property, looking through windows and searching for a way to steal from home. Despite the fact that the man wore a red Comcast shirt and was standing next to his white Comcast truck searching for some wiring to do his job, the police gave him a ticket for literally doing his job. I guess social issues such as police brutality is not a priority for American politicians.

Police brutality has been the most recurring social issue over the last several yrs, yet the topic isn't even mentioned in all 3 debates.

Ad Text HILLARY CLINTON CHEATS AMERICAN VETERANS

The last time Hillary Clinton had a press conference on veterans' issues was in 2015 and since then all her plans and offers concerning veterans' life improvement were stated only in emails made by her staff. And here are some real Clinton decisions:

-Last year, Clinton claimed that the Veterans Administration Scandal had been exaggerated by Republicans.

-In 2007, Clinton was one of only 14 senators to vote against a 2007 supplemental appropriations bill that contained \$1.8 billion for veterans' medical care.

-In 2006, Clinton voted against an amendment that would have added \$20 million for veterans' health care facilities.

-In 2003, Clinton voted against a budget resolution that called for "\$13 billion for veterans to receive concurrent disability and retirement benefits."

In other words, Hillary Clinton is one of the politicians who are to blame for the poor social condition of our veterans. She has systematically ignored the issue and even voted against providing veterans with financial aid which they need so bad!

Hardly will she change her mind on the issue if she is elected. Clinton poses a direct threat to the American veterans' society, but still practically no one raises these concerns. Think twice before voting for her!

Ad Text I pity anyone who has to deal with neighbors in an apartment building. Especially when you have to deal with the complaining and passive-aggressive types. Oh, and let's not forget gentrifiers. Or, as I like to call them, "white migrators." Apparently, instead of knocking on a neighbor's door, people take the easy and passive-aggressive way out and just leave notes instead. But one man wasn't having it.

Ben & Jerry's ice-cream is boycotted by the police officers just because of the opinion of the business owners. So, let's stand against the political repressions!

Ice-cream is something more than just a food you love. When a business expresses its views, cops are attacking, because they know no other way to act! Ben & Jerry's ice-cream is boycotted by the police officers just because of the opinion of the business owners. So, let's stand against the political repressions!

Ad Text I pity anyone who has to deal with neighbors in an apartment building. Especially when you have to deal with the complaining and passive-aggressive types. Oh, and let's not forget gentrifiers. Or, as I like to call them, "white migrators." Apparently, instead of knocking on a neighbor's door, people take the easy and passive-aggressive way out and just leave notes instead. But one man wasn't having it.

Ad Text Boston police shot and killed a man wearing body armor and wielding an assault rifle who critically injured two officers responding to a domestic disturbance call late Wednesday, according to Police Commissioner William Evans.

A gun battle raged at an East Boston home as a suspect, Kirk Figueroa, 33, of East Boston, critically injured two Boston police officers late on October 12. He was then shot and killed by other officers who ran into the home to drag out their wounded colleagues while undergoing heavy gunfire themselves.

This bloody massacre is a vivid example of the fact that the war with police is too far from being OVER. It's only coming and the consequences will be destructive if Hillary Clinton, the main hardliner against cops, will become the President of the United States.

Defending the police against liberal and racist accusations is a solemn duty of every American Patriot. Recent spate of cop killings indicates that American national identity is undermined and replaced by ridiculous social experiments liberal elites are constantly setting up on the country.

Democrats are unable to secure the police from attacks of extremist movements like Black Lives Matter. The Nation must unite against reverse racism, against those who want to destroy America!

Among all the candidates Donald Trump is the one and only who can defend the police from terrorists.

Ad Text VIDEO: TEXAS SCHOOL TEACHER FIRED AFTER MANHANDLING
LITTLE BLACK BOY

The shocking video shows a Central Texas child trying to get up from a bean bag chair in his classroom, while a Snook Independent School District employee, Troy Vann pushing him repeatedly into it and mocking him again and again.

After the concerned parent posted a disturbing video showing teacher manhandling a small child on Facebook, the video went viral and it was shared thousands of times.

In the video footage, Vann also tells the boy: "Tell me no. When I tell you to do something, you do it, boy."

After the Burleson County Sheriff's Office launched an investigation, a "behavior specialist" who acted in an inappropriate manner with a young student was fired.

The school district should provide a safe and secure environment for the students. And the school should not condone or tolerate the employees who abuse any child. The teachers who use excessive force against any child should be removed immediately from the classroom and placed on administrative leave. Otherwise, this will continue to happen.

Ad Text On October 15, 1966, Bobby Seale and Huey P. Newton have founded BPP. Their idea was simple - we can't just talk to make the change, we must take action. They started to monitor the behavior of police officers and challenge police brutality in Oakland, California. And they succeeded. Unfortunately, the government and especially Federal Bureau of Investigation called the party "the greatest threat to the internal security of the country". They tried to close it, to incarcerate BPP's participants, and in 1982 the original party was dissolved.

50 years have passed since BPP's foundation, but the situation in the country stills the same. Cops are shooting Blacks. It spreads through all the country like the disease. Nowadays we need Black Panthers as never before. We need a strong hand that can protect us, that can keep our people safe, that can make Black Lives really matter.

Let's get together and celebrate the 50th anniversary of the party that has made the change. Let's honor its founders and participants. Let's share their ideas and ideals! Black Panther Party 50th Anniversary

Ad Text Houstonians, come out to honor the memory of Huey P. Newton, and other black leaders and prominent members of the Black Panther Party on October 15!

We should revive their legacy and discuss the plan that Newton and Seale crafted to empower Black communities economically. The plan contained basic demands such as self-determination, decent housing, full employment, education that included African-American history, and an end to police brutality. The list of confirmed speakers will be released a few days before the event.

Today Americans are able to elect a president with godly moral principles. Hillary is a Satan, and her crimes and lies had proved just how evil she is. And even though Donald Trump isn't a saint by any means, he's at least an honest man and he cares deeply for this country. My vote goes for him!

The story of Leon Ford is shocking sad and gives hope at the same time. This brave activist uses his personal experience to inspire others and fight against police brutality.

Leon Ford: Activating Minds of Those Who are Mentally Paralyzed | BM

On November 12, 2012, Leon Ford was pulled over by a Pittsburgh cop for what appeared to be a routine traffic stop. His life has never been the same since then.

Ad Text Please share this disturbing video. A routine revenue collection stop turned into a nightmare for this black man.

Kevin Campbell was driving his wife's minivan home in June when he was targeted for revenue collection by Allen Park Police Officer Daniel Mack. Mack literally kidnapped Campbell, placed him in handcuffs, threw him in a cage over a suspended license, accused Campbell of having drugs on him despite the fact that the K9 didn't find anything. Moreover, the cop sodomized him by putting the illegal substance inside his body. There was no search warrant.

Ad Text October 22 is the National Day of Protest. October 22nd is a day that people around the nation have mobilized every year since 1996 for a National Day of Protest to Stop Police Brutality, Repression and the Criminalization of a Generation.

Here in Charlotte, this problem appears especially hard. A number of victims and quantity of cases, where justice wasn't served - horrifies. The most well-known case is shooting of Jonathan Ferrell, an unarmed black man who was shot ten times and killed. Or situation with Daniel Kevin Harris, a deaf man, who just couldn't explain a thing, before he was shot.

We need to use our right to protest to demand the authorities and police representatives, to do, the thing they are supposed to do! To protect and serve! Not to kill, damage and cripple!

Join us on October 22, in Charlotte, 600 East Trade Street, just between Charlotte City hall and Charlotte-Mecklenburg Police Department. National Day of Protest. Charlotte, NC

Ad Text A Fort Worth man broke into the State Capitol in Austin to deface a Civil War-era portrait

Apparently, the man's main goal was to destroy the portrait of former Texas Governor Fletcher Stockdale. The man was arrested right in the Capitol and charged with felony burglary and criminal mischief.

It is not clear for now if his actions were inspired by the hatred towards Confederate symbols or namely towards Governor Stockdale.

Nevertheless, this incident perfectly illustrates how liberal propaganda influences even on Southern people.

The names of dignified Southern politicians and warriors should not be blurred out by Washington. These people played a huge role in American history; they fought for their beliefs and earned people's respect.

It is absolutely unpatriotic now to demonize their names! We should protect our history and fight against liberal brainwashing.

Ad Text At the Last Supper Jesus says:

He said to them, "But now if you have a purse, take it, and also a bag; and if you don't have a sword, sell your cloak and buy one."
— Luke 22:36

What does that mean? Jesus always stood for peace and non-violence. But enemies often issued threats towards Him and His disciples. There's always was a risk for them to be arrested and subjected to a great violence, and be followed with rage and persecution; so that they might seem to stand in need of swords to defend them: the phrase is expressive of the danger they would be exposed to, and of their need of protection.

And we, American Christians, should remember about it. Sometimes you have to arm yourself to protect your loved ones and friends.

Judge 'lets off' cocaine dealing private schoolgirl to protect her career

A FORMER private schoolgirl who helped her brother supply cocaine to students was spared jail after arguing it would hurt her future career.

Poppy Murray, 22, acted as go-between for her 19-year-old sibling Joel and did not see 'anything morally wrong' with providing the drug to pupils, a court heard.

Amphetamines were found stuffed in a freezer and Joel Murray's mobile phone showed evidence of a £100 cocaine deal.

He had sent a group text message to 16 friends saying that he had a high-purity haul of the drug and offering to sell it. He said: 'Yo it's Joel - some killer raw there yo.'

Ad Text HILLARY CLINTON CHEATS AMERICAN VETERANS

The last time Hillary Clinton had a press conference on veterans' issues was in 2015 and since then all her plans and offers concerning veterans' life improvement were stated only in emails made by her staff. And here are some real Clinton decisions:

-Last year, Clinton claimed that the Veterans Administration Scandal had been exaggerated by Republicans.

-In 2007, Clinton was one of only 14 senators to vote against a 2007 supplemental appropriations bill that contained \$1.8 billion for veterans' medical care.

-In 2006, Clinton voted against an amendment that would have added \$20 million for veterans' health care facilities.

-In 2003, Clinton voted against a budget resolution that called for "\$13 billion for veterans to receive concurrent disability and retirement benefits."

In other words, Hillary Clinton is one of the politicians who are to blame for the poor social condition of our veterans. She has systematically ignored the issue and even voted against providing veterans with financial aid which they need so bad!

Hardly will she change her mind on the issue if she is elected. Clinton poses a direct threat to the American veterans' society, but still practically no one raises these concerns. Think twice before voting for her!
